"Eczema broke out in a rash on the lower part of my sister's back and was very severe. Later it became purple in color, and itched so badly that she could hardly sleep. She was not permitted to go to school because she scratched the affected

parts so much.
"The trouble lasted about two months before we began using Cuticurs Soap and Ointment. After the first application she felt better, and in six weeks was completely healed."

#### NORWICH TOURISTS IMPRESSED

BY PROSPERITY ARROAD Andrew McLaughlin, his daughter, Andrew addaughlin, and son, At-torney Charles J. McLaughlin, returned recently after a ten weeks European trip during which they visited Parls, the bat-tlefield area including Chateau Thierry Rheims, Soissons, Chemin des Dames and the Marne sectors. From there they proceeded to Cologne, on the Rhine, where a visit was made to Coblenz, the American army of occupation area, which now has a garrison of 1,200 infantry belonging to the First division of regulars.

They were impressed by the industrial conditions of Germany, as all factories, stores and communities appeared very busy and prosperous.

Brussels, the capital of Belgium, was next visited, also Ostend, the famous sea resort of Belgium. After a short stay at the latter place, the party proceeded to Rotterdam, Holland. The cities of Holland appeared very prosperous and on exchange their money had the nearest

equivalent value to the American dollar of any country visited.

From The Hook of Holland the party salled to Harwich, England, thence to London, where a lengthy stay was made to rest up. The city of London was prowded with American tourists and the notels and shops were foing a big busi-
